Rules for Bi-Monthly Arts & Sciences Tournament:

1. It must be made by you, solely.
2. Art needs to be made within the last six months of contest (e.g. not from years ago).
3. Documentation is a plus but NOT required.
4. Entry must be labeled. (Name of the entrant, brief description (what it is, time period & location in which it would have existed & materials used) and when the item was completed).
5. Art needs to fit the parameters of the SCA range (500-1599, Sorry no 17th + century items).
6. We are embracing the "C" of SCA; creativity is a plus!
7. Each person may enter up to 3 items; they can be different art forms or the same (as a set).
8. Entrants will receive one extra life in their chosen combat form for entering 1-3 items.

We want as many people to enter as possible. This is a chance to show off what you make, as a stepping stone to other SCA contests and displays.

This is supposed to be fun!
